

Wolwehoek Year-end and Prizegiving function

29 November 2025

Wolwehoek members were treated to a very well catered and beautifully decorated prizegiving event. Big thankyou's to Anso for the organization, to Annelie Smid for the décor and La Oma for the catering (starters and desert by Anso). The clubhouse front porch was transformed into a fabulous dining venue.

We catered for 50 guests, but only 47 were in attendance, we missed a few key players from our number: Allan Peeters (wife's birthday), Johan and Fanie Otto to name a few.

Proceeding started with a surprise award which caught me completely off guard. The club had gotten together to make

a special award to me; a Certificate of excellence and A2 size portrait photo to be hung up in the clubhouse amongst the other great chairman of the club through the years. I was deeply touched by the gesture. The vice chairman Dave Wilson handed over the award after a short speech.

I was very ably assisted by the lovely Hantie du Plessis, pictured here with me reading out the names of the respective award winners as we went through the various disciplines. Where it was difficult for the award winner to come to the front, we went to them. In this photo you can glean an impression of the

fabulous décor.

It is not practical for me to include photo of all the award winners, but at least I can post a photo of the top honours per discipline.
